

WORK IN TRUE HARMONY.

Stay synchronised and feel the power within. Adrenalin Human Capital Alignment Software puts everyone in sync to act as one. It gives every employee access to his / her personal information. It empowers the manager to take decisions faster. It gives the choice to juggle, assess, take informed decisions, faster. Now powered with innovative, interactive ZOLOG, Adrenalin is ready to partner your team to work in tandem like a rising wave.

Adrenalin 4.0 with interactive ZOLOG technology offers:

Employee Self Service:
Allows the employee to access and manage personal admin data

Confirmation Management: Confirmation of key business oriented requests or personal information requirements always available, with the special confirmation feature

Manager Self Service:
Empowers the manager to access key information to keep work flow smooth

Employee Information Management:
Employee evolution levels from training to achievements all ready for decision making

Help Desk: Helps the team to stay on track with common visibility of goals and milestones

Personal Information Management:
Personal information ready and available to keep the human touch always present
