

# FAST FORWARD YOUR HR DIGITAL TRANSFORMATION WITH MOBILE HCM

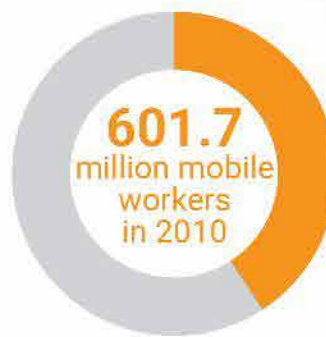

## 1 GROWTH OF MOBILE WORKFORCE ACROSS THE GLOBE

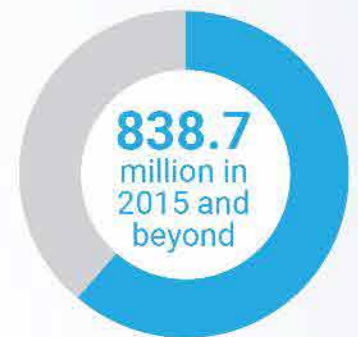

The global mobile workforce is set to increase from **1.45 billion** in 2016, accounting for **38.8%** of the global workforce, to **1.87 billion** in 2022, accounting for **42.5%** of the global workforce

IDC noted that Asia Pacific will see the largest increase in total number of mobile workers from

to

## 2 IMPACT OF MOBILITY ON WORKFORCE

According to Forbes, employee mobility leads to

Two of every three employees surveyed (**66%**) expect IT to allow them to use any device – personal or company-issued – to access corporate networks, applications, and information anywhere at any time

Each year, over **240 hours** per employee is gained through mobile productivity. That averages out to be **\$5,114** in extra work or about **6 extra weeks** a year.

HR departments managing paper employee files spend as much as **65%** of their time on transactional and administrative work, a huge drain on resources.

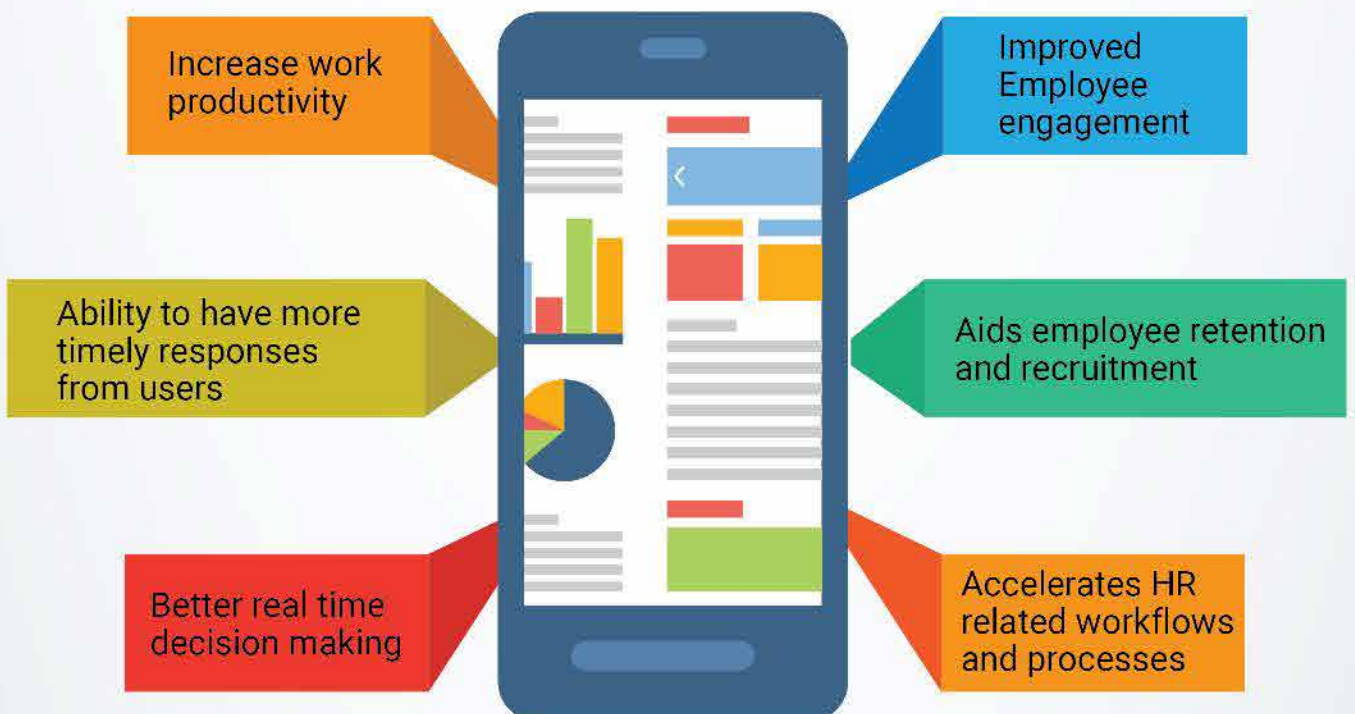

## 3 BENEFITS OF USING MOBILE HCM APPLICATIONS

Research done on mobility at workplace shows that 76% of respondents identify increased employee responsiveness and decision making speed as benefits to mobility solution implementation

**60%** of firms indicate faster internal issue resolution is a benefit experienced as a result of deploying mobility solutions on smartphones and tablets

6 in 10 HR says use of mobile HCM apps contribute to

Use of smartphones amongst workforce is increasing faster than ever before. It has become essential for organizations to consider how mobile fits their HCM technology strategy.
